General declaration regarding DFS client module

Dear Application Examiner,

Applicant – Amimon Ltd.
Module name – HD-SDI wireless transmitter module
FCC ID – VQSAMN35254

Amimon HD-SDI wireless transmitter module software and associated drivers will not permit transmission of beacon signals on DFS frequencies, as required in KDB Publication #848637. Please contact me if there is any information you may need.

Sincerely,

Signature: 
Osnat Peyser
Director of HW & RF system
