Limited Modular Approval Request Letter

Date: 2012-10-11

To whom it may concern:

We, Amimon Ltd., hereby request Limited Modular Approval for Product: RGB (Model number: AMN32200-IR, FCC ID: VQSCB390802120528).

This module complies with the Limited Modular Approval basic requirements in FCC Part 15 Subpart C Section 15.212 and clearly explained below:

1. Have its own RF shielding: The shielding of the radio portion can be demonstrated in EXHIBIT B External Photo.
2. The modular transmitter has buffered modulation/data inputs, Buffered data inputs stage has been integrated in chip (Model: AMN2220_A4W_PR).
3. The modular transmitter has its own power supply regulation. Please refer to the Block Diagram.
4. Comply with the antenna requirements of Section 15.203 and 15.204(c), the module has 5 printer antennas with 2.9dBi antenna gain.
5. Test fixer should be linked to the EUT.
6. Equipped with either a permanently affixed label or must be capable of electronically displaying its FCC Identification number. FCC ID is shown on the label and permanently affixed to this modular transmitter, please refer to the User Manual.
7. Comply with any specific rules or operating requirements that ordinarily apply to a complete transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements. The necessary explanation to be complied with this requirement is contained in the user manual, and please refers to the User Manual.
8. Comply with any applicable RF exposure requirements in its final configuration.

Sincerely,

Signature: 

Guy Dar
